- **Industry Institute Partnership Cell**

The objective of the IIP Cell is to reduce the gap between industry expectations (practice) and academic offerings (theory) by direct involvement of industry to attain a symbiosis. Indian industry at present has reached the most crucial turning point where it has to face the dynamic demands of the competitive domestic and global markets through the provisions of high quality products and services. To survive and succeed in this new scenario, the input that is most essential is the human resource. As technologies change rapidly, retraining and updating of the work force continuously are becoming major challenges facing every country today. Industries and Technical Institution have a strong mutuality of interest which forms the basis for having IIP-cells.

- **Electrical/computer Network Maintenance committee**

For the smooth functioning of the Institution, class work, and laboratory work, a reliable network to supply electrical power and computer network is quite essential. In order to take care of the day to day smooth functioning of the electrical and computer systems working, a team of technicians are appointed who will be working under a Electrical/Computer Maintenance Committee. The committee assure the proper maintenance of electrical and network equipment and monitor the stocks for consumables which are needed for trouble free running of the networks

S No	Name	Designation	Department	Responsibility
